ACT Superscore ¹

The ACT Superscore represents the best scores for this student across all attempts. ACT Research confirms this to be the most predictive of student success.

Single Test Event Date: 7/2020.

The single test event test summary below is shown when a student elects to send an institution an individual ACT test. This is the only option available for students who have taken the ACT only one time.

ACT College Readiness Benchmarks

Single Test Event: Student's Score Range

If the student's score is at or above the Benchmark, he or she has at least a 50% chance of earning a B or higher in first-year college courses in the corresponding subject area. There is currently no Benchmark for writing.

Test scores are estimates of a student's academic achievement. For each test, the student's true achievement likely falls within a small range above or below the reported score. This range, shown by the bands around the score, reflects typical fluctuations that might occur if the student were to retake the test within a short time.

¹ The student did not select a superscore to report.

² If the student took the writing test, the essay was scored on a scale of 1 to 6 by two raters in each of the four writing domains. These domains represent essential skills and abilities that are necessary to meet the writing demands of college and career. The domain scores, ranging from 2 to 12, are a sum of the two raters' scores. The writing score is the average of the student's four domain scores rounded to the nearest whole number. To learn more about the writing score, visit www.act.org/the-act/writing-scores.
